

Thank you for your order**New Payment Instructions**

To eliminate mail Check fraud and to keep the shipping cost low, our Freight Carrier is now longer handling COD shipments.

Due to Software changes at this time we **Do Not process Credit Cards**.

Therefore, once we receive your order, we will Confirm and Call/E-mail you with the Total \$ amount for the Check.

After we Confirm your Order you need to Fax/E-mail a Photocopy of your Company Check for Processing. This will allow us to Deposit/Cash your Check Electronically.

Check Instruction: (**Do not Fax/E-mail a photocopy of check until we confirm your order**)

- A. Make the Check Payable to Precision European Inc.
- B. Make sure your handwritten dollar amount is leadable.
- C. Make sure the check is perfectly flat when you take the picture
- D. The picture of the check needs to be taken straight from the top (not in an angle)
- E. The check outer frame needs to look parallel to the picture frame.

We Regret the Inconvenience and Appreciate your Understanding.

Your Invoice Copy will be attached on top of the Shipping Box.

Transmission Installation Instructions and Core Return Shipping Docs are attached to the Transmission.

Core Return Pickup Instructions

Remove the Bill of Lading from the pouch that was attached to the Transmission.

Remove all old Tracking Numbers Stickers from the Shipping Box.

Drain all fluid from transmission and torque converter. Dump remaining solvent from the flusher, make sure all hoses and adapters are returned with the flusher and place all items in the shipping box. Check if the transmission and flusher are secure and cannot move around, causing damage to each other.

When you ready for the Core Pickup you can e-mail to sales@peius.com

Make sure to have your Company Name and Phone Number in the E-mail

Thank you for your Business

Attention: Mercedes Diesel Vehicles only:

On Mercedes Diesel vehicles, you have a separate vacuum system.

If the system holds to much vacuum at different throttle positions, the transmission will slip and burn the clutches. Check with Mercedes for availability for the control valves attached to injection pump/fire wall and valve cover, be careful quoting your customer a firm price.

Very Important**Only use oil:****1.
